

An aerial photograph of Akurdet town, showing a dense cluster of buildings with light-colored walls and flat roofs. A prominent mosque with a tall minaret and a large green dome is visible on the right side of the town. The town is surrounded by a flat, open landscape with sparse vegetation. In the background, a range of reddish-brown mountains stretches across the horizon under a clear blue sky.

Resource Use and Livelihoods in Akurdet Town and its Surroundings

**Final report for a study on behalf of GTZ Germany
in Cooperation with SLM Eritrea and University of Asmara
Innsbruck, June 2006**

1	Introduction	8
1.1	Background of the Study	8
1.2	The Area	8
1.3	Hypotheses	11
1.4	Goal and Objectives	12
2	Methodology	13
2.1	Sustainable Livelihood Approach	13
2.2	Research Process	15
2.3	User Groups	15
2.4	Limitations of the Study	17
3	Results	18
3.1	Natural Resources	18
3.1.1	Geology and Soils	18
3.1.2	Climate	19
3.1.3	Vegetation and Forests	19
3.1.3.1	Non-wood Forest Products	20
3.1.3.2	Forest Management	21
3.1.4	Trends	22
3.2	Physical Capital	23
3.2.1	Water	23
3.2.1.1	Water Supply Services	23
3.2.1.2	Water Use	24
3.2.2	Agriculture	25
3.2.2.1	Rainfed Agriculture	25
3.2.2.2	Riverbed Cultivation	26
3.2.2.3	Commercial Farming	27
3.2.2.4	Livestock and Pastoralism	28
3.2.3	Income and Expenditures	31
3.2.4	Construction	33
3.2.5	Energy	35
3.2.5.1	Wood and Charcoal	35
3.2.5.2	Other Energy Sources Suitable for Cooking	36
3.2.6	Trends	38
3.2.6.1	Water	38
3.2.6.2	Livelihood System	38
3.2.6.3	Energy	38
3.3	Human Capital	40
3.3.1	Health and Sanitation	40
3.3.1.1	Sanitation Service and Facilities	40
3.3.1.2	Problems and Challenges concerning Sanitation Issues	41
3.3.1.3	Health Service and Facilities	43
3.3.1.4	Frequently occurring Diseases in Akurdet	44
3.3.2	Solid Waste Management in the Town	46
3.3.3	Education	47
3.4	Social Capital	49
3.4.1	Governmental Institutions	49
3.4.2	Crises and their Coping Mechanisms	50
3.4.2.1	Food Security	51

3.4.2.2	Natural Disasters	52
3.5	Financial Capital.....	52
4	Synthesis	54
4.1	SWOT Analysis	54
5	Monitoring Natural Resources and their Use.....	57
5.1	What is Monitoring?.....	57
5.2	Why Monitor Natural Resource Use	57
5.3	Possible Indicators	59
5.3.1	Natural Resource Base	59
5.3.2	Access to Natural Resources	61
5.3.3	Natural Resource Use	61
5.3.4	Prices	63
5.3.5	Some Additional Comments.....	63
6	Summarizing Comments and Suggestions for further Activities.....	65
